Hello Fan Club Members!
!See Attachment!

OK, the fun is beginning again! After Jim makes the selection of victims to testify, I'll coordinate the car pooling again. I'll be staying there an extra day to get copies of evidence at the court house after the trial (this will be additional stuff that I'm taking to our Governor). If any of you want to stay over with me, let me know. I'll also try to get transcripts concerning Shearburn from the DA and other sources.

I know a lot of you want to be there, even if you don't testify. That's great! I'll find rides for everyone that needs one. Just like last time, I will probably set up 4 pick up points around the valley. Each pick up point will have assigned drivers and assigned passengers. So, if you can't make it, call me ASAP and I'll assign a replacement.

Because we made contact with more victims at CJ's trial, our group has almost doubled in size. So, even with a lot of folks that don't want to make the trip, we could easily have over 100 witnesses just from our group alone. But, just like last time, there are probably limitations on the size of the court rooms. So, we will have to work around that issue again.

Also, as I continue to pester the local authorities and the Feds, they will more than likely bring him in sooner or later, I just have to keep making those phone calls!! So, you WILL get a chance to see the Shearburns locally (think positive). I have most of my meetings set up in May and June (wanted to wait until after the California trial). I'm still shooting for the Shearburns to be brought in around Christmas time (that's what I have on my Project Management Chart!). Hopefully, they'll also freeze assets at that time too.

I know a lot of you want something to happen sooner, but I'm just one guy and can do only so much in each day. Also, working with politicians and bureaucrats is a big pain in the ass. So hang in there, I'm doing the best I can. We have to do this the correct way so that they will get the maximum

sentence from multiple agencies. It's very complicated and time consuming. Also, we still have some dangling issues with the Palmieri case and I'm still working on those. So after May/June I should be able to go full throttle after the Shearburns.

UPDATE: I contacted the folks that are handling the Martha Stewart case and I am getting more ideas about how to request that additional charges be brought against them with the SEC. This one looks very promising because of the SEC's new attitude against white collar crime. I'll be working that angle this summer (unless we get paid and I can take a long overdue vacation!! Ha, Ha).

I thought you should know that Bob Shearburn personally de-frauded me out of \$200,000 on a viatical scheme. I am one of hundreds that he de-frauded out of millions of our hard earned dollars. I actually have a signed letter where he guaranteed my \$200,000 back. Now he has filed for chapter 7 bankruptcy but still has a trial date in Ca. Howard Parker

To Whom This May Concern:

Mr. Bob Shearburn is a rotten man. He stole almost \$600,000 of my personal money. I just want your company to know what he has done. He is a thief. I have a signed paper from Bob telling me I was going to get my money back. He is a sleeze. I hope if your company has any morals, what SO ever, you WILL fire Bob Shearburn. I have notified others of his new location, and job!

Office Manager:

As you probably know, Bob Shearburn is a bad man. He owned a financial office and stole 890,000 dollars of my hard working money. He is a cheater and a thief. I would hope that he will no longer have a job with your company after the present information. He has declared title 7. I have a letter stating that he would return my money! He currently lives in Troy, Montana, and a employee of DeShazer Ryan Realty! What a horrible man! He has done this to tons and tons of people. Please take this into consideration, and fire Bob Shearburn.

Thank You for reading this information: Submitted:

Subject: Victim of Bob Shearburn - Viatical Swindle

To Whom it may concern:

I'm sending this email to you with regards to one of your agents listed on your web-site. I would encourage you to visit this web-site <http://members.cox.net/dbrunda/> which should enlighten you to Mr. Shearburns ethics. I along with 200 others were bilked out of millions of dollar to which Bob Shearburn played a major role in. His wealth of experience is in swindling people out of their money. Over 75 of us testified at the trial of his partner CJ Palmieri to which he was convicted of 144 felony counts and received a 30 year sentence. Most of us will also be present at Bob Shearburns trial when it comes up.

Shearburn is retired from financial planning and branch manager of a securities firm. He has been spending his summers in Northwestern Montana for many years and is now a full time resident of Troy, Montana. He brings his wealth of experience in finance and investing to the real estate industry.
